- Leak resistant and clog free
- Set preferences for potency and flavor with Session Control™
- Adjust temperature down to precise degrees
- Automatic firmware updates to keep your device up to date

Brite Labs PAX Pods

www.britelabs.com • @brite.labs

One pod each of the following flavors:

Apricot Ice Cream (Hybrid): Apricot Ice Cream is an Indica leaning hybrid cross of Apricot Jelly (Irene Apricot x Jelly Breath) and Ice Cream Cake (Wedding Cake x Gelato #33). With the taste of berries, citrus, cream, and gas. Apricot Ice Cream provides a balanced body and head high. Great for mood elevation, managing stress, and relaxing.

Forbidden Fruit (Indica): Forbidden Fruit is a Indica Dominant cross of Tangie and a Cherry Pie. Forbidden Fruit has an intoxicating aroma of citrus with underlying layer of berry. It provides a relaxing, well rounded body high with a light head high. Great for putting the mind at ease and winding down at the end of the day.

Jetty PAX Pods

www.jettyextracts.com

@jettyextracts

Every Jetty PAX Pod contains only two ingredients: cannabis oil and cannabis terpenes. Through cryo-distillation processes, we preserve the terpenes' complex formations, contributing to that sought-after entourage effect. There are never any additives, solvents or unwanted materials.

The latest limited-edition strains from Jetty:

Tahoe OG (hybrid) is lemony and earthy in flavor and offers a full-bodied high.

Sage N Sour (sativa) is herbaceous with just the right amount of pucker.

Granddaddy Purps (indica) is a heavy-hitter with a distinctive purple berry taste.

Aster Farms

www.asterfarms.com • @asterfarms

Sour Lemonade - Sunrise - Sour Lemonade is our sunrise strain. The nose is both sweet and sour just like it's name. A mild high with energetic effects, ideal for daytime consumption. A true sativa with uplifting, creative energy. 16% THC, 0% CBD

A S T E R
F A R M S

Maui OG - Radiant - Aster Farms' Maui OG is perfect for all types of users. With a medium level of THC and a "radiant" terpene profile we suggest this strain for creativity and daytime use. Floral and citrus notes with a smooth euphoria. Glowing, creative and relaxed is Radiant AF. %16 THC, 0% CBD

Deep Sour Kush - Sunset - Deep Sour Kush is our sunset strain. The unique cross captures the energy of diesel and euphoria of kush. It's recommended for knowledgeable consumers and medicinal patients with chronic pain. 24% THC, 0% CBD

Paris OG - Moonlight - Aster Farms' Paris OG is a true indica with calming, relaxing effects. It has an earthy OG nose with a hint of citrus, the product of the Lemon OG and Headband cross. 20% THC, 0% CBD

White Buffalo - Outer Space - White Buffalo is a 80/20 sativa dominant hybrid that provides a surprising blast of euphoria. Partnered with the uplifting effects, this strain is quickly becoming a fan favorite for the serious user. Best suited for those who enjoy the head highs and a serious smoke. Great for medicinal use. 21.9% THC, 0% CBD

OLO

www.getolo.com • @getolo

OLO believes that cannabis can be inspiring, expressive, creative, and easy to enjoy. By combining modern neuroscience with advanced organic chemistry, we isolated the most desirable effects of cannabis to create four unique and perfected experiences: Active, Focus, Social, and Chill.

Our sublingual strips, precisely formulated in 5mg and 10mg, provide you with a new luxury: full control over your experience. Scientifically developed to integrate seamlessly into everyday lifestyle activities, OLO delivers pure, pleasant highs and vivid experiences.

Developed and manufactured in Richmond, CA, the OLO line of experiential sublingual strips delivers a hi-def high in ten to fifteen minutes that lasts for three to five hours. All strips are zero-calorie, gluten-free, natural, non-GMO, and infused with a mint flavoring that masks the taste and smell of cannabis. OLO is now available throughout California.

Nightingale Remedies CBD

Pain Cream

www.nightingale-remedies.com

@nightingaleremedies

Nightingale Remedies is the result of a passion project founded on the goal to deliver the most effective pain relief topical available. Developed out of necessity to treat his own pains and injuries from years of snowboarding, founder Patrick Brennan collaborated with a 30 year compound pharmacist and doctors to create a unique formula that is backed by science. Utilizing the proven anti-inflammatory and pain-relieving ingredients Turmeric Curcumin, Glucosamine, Boswellia Serrata and MSM creates a true Entourage Effect, that work in tandem with CBD to penetrate through the skin's epidermis for maximum relief.

New Highs CBD

www.newhighscbd.com • @newhighscbd

New Highs means achieving new heights in your life without getting "high" or intoxicated. Whether you attain this through increased mobility due to less pain, added confidence from healthier and more radiant skin, or simply from feeling great, New Highs CBD is here for you. A women-run business founded on pure origins and premium ingredients, New Highs whole plant products are grown and crafted in the USA and backed by third party lab testing by Evio Labs. Designed with luxurious indulgence and self-care in mind, New Highs is the premier brand for those who desire a green-friendly, health-supportive lifestyle that helps you fulfill goals, inspire others, and elevate the everyday things you do, small and large.

CALIFORNIA'S CANNABIS CONCIERGE

These CannaSwag gift bags were curated and produced by California's Cannabis Concierge, and include a wide selection of high end, small batch, craft cannabis and CBD products. They represent one aspect of our **Backstage Budtending** services which we provide for artists, bands, labels, venues, festivals and recording sessions.

We specialize in integrating cannabis into your professional and personal life, with a focus on providing products and experiences which support specific intentions. We seek out cutting edge technology and delivery systems which maximize the flavors, terpenes and cannabinoids to help create a specific experience.

If you have any questions about the products enclosed, or would like to know more about what we do, please get in touch.
